Sri Hanuman Temple of North America

SHTNA Main Temple Development Fund

A Temple once built, lives forever. Building it is the most challenging phase. We are blessed to have the opportunity to work hard, raise an abode of love and devotion, and leave behind a prized asset for generations to come.

The Sri Hanuman Temple of North America (SHTNA) Temple Committee is working on an initiative to involve as many devotees as possible in the development of our Temple. Once developed, the SHTNA Temple Complex will include:

- Main prayer halls for Sri Panchamuka Hanuman, Sri Shirdi Sai Baba, Sri Heramba Maha Ganapati, Devi Sri Karumaariamman, and Sri Ayyapa Swami
- Yaga Salai for fire ceremonies
- Community Center and Meditation Space
- Dining and Cafeteria Area
- Auditorium, Administrative Block, Priest Residence and Parking

Here is an overview of the SHTNA Development Fund.

We are seeking devotees — SHTNA Builders — to donate \$50 a month for 100 months. Or, donate \$5000 to the fund at one go.

We are looking for a minimum of 1000 such donors. These donors will join the list of SHTNA Temple Builders.

With this, we can achieve our dream. Together, we can move mountains.

If you would like to become a SHTNA Builder, please contact:

Ramu Arumugam
Founding Chairman SHTNA
